

2045 North Lincoln Park West  
Chicago, Illinois 60614

August 16, 2001

David Doig, General Superintendent & CEO  
Chicago Park District  
425 E. McFetridge  
Chicago, IL 60605

Dear David:

I would like for you to be aware that for the past two evenings I observed several vehicles parked on the lakefront on the West Side of the athletic concession at North Avenue Beach. This is clearly inappropriate behavior by the vendor. Although the vehicles were trying to hide behind the evergreen trees they were clearly visible. There is absolutely no reason for these vehicles to be parked on park property outside of the parking lot.

This is not the first time that we have notified you of parking violations by this vendor and we cannot allow this abuse to continue. This vendor's security guard also is still parking at the concession that we notified you about on June 18th. Don't the contracts for these concessionaires mean anything? It is important that the park district abide by the contracts, which I believe clearly outline the parking restrictions for the vendors.

I would hope that the Lincoln Park Advisory Council will be able to receive an acknowledgement from the park district about our concerns with this vendor's abuse of the rules.

Sincerely,

Vickie Matthews  
President
