

Karen Kass - Director

The outdoors is a huge part of my life, as a former softball coach, Brownie leader, CPS educator, and aging athlete, and I moved to my current home solely because it is steps from Lincoln Park. I have played the golf courses, used the tennis courts, beaches, running tracks, harbors, zoo, and restaurants. Always there is a sense of responsibility and a deep respect for the beauty, order, and vastness, from the Waveland clock tower to the natural beauty of the lake. Our Lincoln Park is the jewel in the tiara of Chicago's lakefront and needs to be treasured and protected. I hope to bring my experience with numerous civic groups and boards to the Lincoln Park Advisory Council and look forward to serving.
