The Honorable Timothy Mitchell  
CEO and General Superintendent  
Chicago Park District  
541 N. Fairbanks  
Chicago, Illinois 60611

Dear General Superintendent Mitchell,

This letter is to advise you of the Lincoln Park Advisory Council's stance on the increased sale of alcoholic beverages in Lincoln Park.

We as a council have always been opposed to the sale of alcohol in the park but we have been informed by our Park District liaison that this was to be expanded throughout the park system this summer.

We understand the economics that dictate the need to bring in additional revenue to the Park District. That being said, and since there are already some vendors in Lincoln Park selling alcoholic beverages, the Advisory Council would expect to be involved in the process to add vendors to this list.

We have met with and approved vendors before and would expect this courtesy to be extended yet again. Keeping us informed allows us to also watch over these venues to make sure that requirements for sale of alcohol in the park are being followed.

Sincerely yours,

Ellen Isaacson  
Acting President  
Lincoln Park Advisory Council
