Dear David and Colleen:

I would like for you to be aware that this morning about 7:30 am I observed a vehicle parked on the lakefront path on the east side of the athletic concession at North Avenue Beach. Based on my experience last summer with this same vendor, this was the security guard for the concession. I believe strongly that the contract does not allow vendors to park vehicles on park walkways before, during or after hours of operation. I believe this is clearly in violation of his contract and is not acceptable. I would like to go on record that over the past several years while this vendor was at this location we repeatedly reported this to the park district staff – Mary Ellen Messner who I am sure properly reported the information.

I am taking Colleen's cue and am committing this to writing and ask that this be placed in this vendor's file.

Sincerely,

Vickie Matthews
President
