

## **Vickie Matthews (President)**

Vickie has been a member of the Lincoln Park community for the past 15 years and is now serving as president for a second time. She delights in using Lincoln Park as a biker, roller-blader, softball player, walker, boater and general outdoor enthusiast.

Vickie has worked diligently on park surveys since planning began for the Framework Plan. About six years ago she became more involved with LPAC by leading the Park Survey Task Force.

Vickie wants to continue our mission of being the leading and most active community organization in the City of Chicago that the Park District can count on for input and feedback on new initiatives. Through new and continuing memberships Vickie sees LPAC's role as way to build consensus within the community.
