Dear Alderman Daley,

The Lincoln Park Advisory Council has heard a presentation about the “Flowrider” and held two discussions about its potential location in the 43rd Ward portion of Lincoln Park.

There are several concerns about this proposal – the most salient being the requested location at North Avenue Beach. We have grave concerns about changing the atmosphere of this Beach from shoreline to Amusement Park. We do not want this happen.

While we are not ecstatic about this venture and feel that it is priced out of the budget of many beach users, we will not fight against its location at another site in Lincoln Park.

Sincerely yours
Sheli A. Lulkin, president
